

All qualified bidder(s) must include with their bid deposit, for each parcel, a non-refundable \$50.00 filing fee for conveyance of the mineral estate.

Federal law requires that all bidders must be U.S. citizens, 18 years of age or older, a state or state instrumentality authorized to hold property, or a corporation authorized to own real estate in the state in which the land is located. Under competitive sale procedures, an apparent high bid will be declared at public auction. In the event of a tie, the tied bidders will be notified and given the opportunity to modify their original bids. The apparent high bidder will then be notified.

If the land identified in this notice, except parcel OR 51852, are not sold on the date of first sale offering, the unsold parcels will be available on an over-the-counter competitive sale basis. All over-the-counter sale parcels will be sold subject to the above terms and conditions and at no less than the indicated sale price. Sealed bids will be accepted on the unsold parcels at the Lakeview District Office during regular business hours (7:45 a.m. to 4:30 p.m. PST Monday through Friday) at the address shown below. All sealed bids received will be opened the first Wednesday of each subsequent month until the land is either sold or withdrawn from sale. Prospective buyers should inquire about unsold parcels after February 21, 1996.

Detailed information concerning the sale, including the reservations, sale procedures, terms and conditions, planning and environmental documentation, is available at the Lakeview District Office, P.O. Box 151, 1000 South Ninth Street, Lakeview, Oregon 97630.

For a period of 45 days from the date of publication of this notice in the Federal Register, interested parties may submit comments to the Lakeview Resource Manager, Bureau of Land Management, at the above address. Objections will be reviewed by the District Manager who may sustain, vacate or modify this realty action. In the absence of any objections, this realty action will become the final determination of the Department of the Interior.

Dated: November 2, 1995.

Scott R. Florence,

Lakeview Resource Area Manager.

Minerals Management Service

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Minerals Management Service, Interior.

ACTION: Announcement of information collection; request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork and respondent burden, the Minerals Management Service (MMS) invites the general public and other Federal agencies to comment on a proposed collection of information on Social and Economic Adaptations by Fish Harvesters in the Santa Barbara Channel-Santa Maria Basin Area, California. MMS will submit the collection of information to the Office of Management and Budget (OMB) for approval.

DATES: Submit written comments by January 16, 1996.

ADDRESSES: Direct all written comments to the Department of the Interior; Minerals Management Service; Mail Stop 4700; 381 Elden Street; Herndon, Virginia 22070-4817; Attention: Chief, Engineering and Standards Branch.

FOR FURTHER INFORMATION CONTACT: Dr. Fred Piltz, Chief, Environmental Studies Section, Pacific OCS Region, Minerals Management Service, telephone (805) 389-7850.

SUPPLEMENTARY INFORMATION:

Title: Social and Economic Adaptations by Fish Harvesters in the Santa Barbara Channel-Santa Maria Basin Area, California.

Abstract: Utah State University, Department of Forest Resources will conduct a study under the MMS Environmental Studies Program. The study will provide an analysis of the social composition and the social and economic adaptations of commercial fish harvesters in the Santa Barbara Channel-Santa Maria Basin area. The research will be centered upon the commercial fish harvesters and their spouses working out of the ports of Morro Bay, Port San Luis, Santa Barbara, Ventura, and either Channel Islands or Port Hueneme. The research will require interviews with fish harvesters from each port with analysis and comparisons among ports and in the aggregate. The information collected under this study will aid MMS in assessing the actual or potential impacts of Outer Continental Shelf (OCS) gas and oil activities on the social organization of fish harvesters, the lives of fishing families, and the economics of fish harvesting.

Description of Respondents: Fish harvesters and spouses.

Frequency: One time (1 response per respondent).

Estimate of Burden: We estimate interviews with fish harvesters will average 53 minutes each; interviews with the spouses will average 30 minutes each.

Estimated Number of Respondents: 450 fish harvesters; 284 spouses.

Estimated Total Annual Burden on Respondents: 539.5 hours.

Type of Request: New.

OMB Number: N/A.

Form Number: N/A.

Comments: As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), MMS specifically solicits responses to the following questions: (1) Is the proposed collection of information necessary for the proper performance of the functions of MMS and will it be useful? (2) Are the estimates of the burden of the proposed collection accurate and the methods and assumptions used valid? (3) Do you have any suggestions that would enhance the quality, clarity, or usefulness of the information to be collected? (4) Is there a way to minimize the information collection burden on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other forms of information technology? MMS will summarize written responses to this notice for inclusion in the result for OMB approval. All comments will also become a matter of public record.

Bureau Clearance Officer: Arthur Quintana, (703) 787-1239.

Dated: November 7, 1995.

William S. Cook,

Acting Deputy Associate Director for Operations and Safety Management.

National Park Service

Carlsbad Caverns National Park, Draft General Management Plan/ Environmental Impact Statement

AGENCY: National Park Service, Interior.

ACTION: Notice of Availability of the Draft General Management Plan/ Environmental Impact Statement for Carlsbad Caverns National Park, Eddy County, New Mexico.

SUMMARY: Pursuant to Section 102(2) of the National Environmental Policy Act of 1969 the National Park Service announces the availability of the Draft General Management Plan/ Environmental Impact Statement (GMP/

EIS) for Carlsbad Caverns National Park. This notice also announces a public meeting for the purpose of receiving public comments on the Draft GMP/EIS.

The purpose of the general management plan is to set forth the basic management philosophy and to provide the strategies for addressing issues and achieving management objectives over the next 10 to 15 years. This Draft GMP/EIS describes and evaluates three alternatives for the management of Carlsbad Caverns National Park.

Alternative 1

Alternative 1 describes the continuation of existing management direction at the park as described in current plans (the no-action alternative). The park would provide for visitor use and respond to resource management issues and concerns as funding allowed, but no major change in management direction would be initiated.

Alternative 2

Alternative 2 is the proposed action and National Park Service's preferred alternative. It would base resource management and visitor use decisions on expanded scientific research, inventory, and monitoring. Information would be gathered about how human activities and facilities are affecting park resources, especially cavern resources. A development concept plan would be undertaken once these studies had been completed to determine how to reduce or eliminate threats to subsurface resources, with measures possibly ranging from infrastructure improvements to the removal of certain facilities. Opportunities for visitors to enjoy and learn about significant park resources would be increased, special off-trail tours would be continued, the feasibility of opening Ogle Cave to tours would be studied, and additional surface trails would be provided. The visitor center would be remodeled to be more efficient, and a ranger residence would be provided near Slaughter Canyon.

Alternative 3

Alternative 3 proposes the removal of many surface functions and facilities above the cavern within five years to ensure the protection of subsurface resources. To replace these functions, a new visitor orientation/transit center and a park operations center would be developed at the base of the Guadalupe escarpment. Visitors would use a shuttle system for access to the existing visitor center, which would be modified to focus on interpretation and essential services. Visitor use of the cavern would

be monitored and restricted to minimize further damage to cavern resources, and no special off-trail tours would be provided.

The environmental impact analysis indicates that alternatives 2 and 3 would better protect the park's significant resources than would alternative 1. Some potential threats to subsurface resources would remain under alternative 2, pending the completion of studies. Alternative 2 would increase visitor opportunities and provide more in-depth interpretation, while alternative 3 would limit the range of opportunities but improve interpretation. Alternative 2 and 3 would both have beneficial long-term socioeconomic impacts. The risk of an accident that could close the cave to public entry, thus affecting the local tourism industry, would continue over the long term under alternative 1 and over the short term under alternative 2; this risk would be reduced within the foreseeable future under alternative 3.

DATES: Comments on the Draft GMP/EIS should be received no later than January 16, 1996. The date and time for the public meeting regarding the draft GMP/EIS can be obtained by contacting the park at (505) 785-2232, extension 321.

ADDRESSES: Comments on the Draft GMP/EIS should be submitted to: Planning Team Leader, Carlsbad Caverns General Management Plan, National Park Service/Denver Service Center, Post Office Box 25287, Denver, Colorado 80225-0287.

SUPPLEMENTARY INFORMATION: Public review copies of the Draft GMP/EIS will be available at the following locations: Office of Public Affairs, National Park Service, 1849 C Street, NW, Washington, D.C.; Department of Interior Natural Resource Library, 1849 C Street, NW, Washington, D.C.; National Park Service, Southwest Systems Support Office, 1100 Old Santa Fe Trail, Santa Fe, New Mexico; Carlsbad Caverns National Park, 3225 National Parks Highway, Carlsbad, New Mexico; and local public libraries.

Dated: November 6, 1995.
Ernest W. Ortega,
Acting Superintendent, Southwest System Support Office.
